*When can a treatment be made? Please specify hours.*

<b>Monday</b>	am	pm	<b>Tuesday</b>	am	pm	<b>Wednesday</b>	am	pm	<b>Thursday</b>	am	pm	<b>Friday</b>	am
---------------	----	----	----------------	----	----	------------------	----	----	-----------------	----	----	---------------	----

*Work should usually be scheduled between 6:00 am and 2:30 p.m. Monday through Friday.*

You are requesting vegetation control service from the Integrated Pest control Division of the Department of Agriculture, Weights and Measures. This means that your facility or site will be surveyed and treated for unwanted vegetation.

- You will receive faxed or email notification prior to the arrival of IPC staff.
- Access to and security for the facility must be provided.
- Prior to any pest control work, an inspection may be conducted to determine the extent of the pest problem and appropriate action to be taken. If the inspection does not reveal evidence of a pest problem, it may be determined that pest control work is not appropriate.
- If problems are due to structural deficiencies or lack of sanitation, work may not be undertaken until problems have been resolved.
- Environmental concerns may have to be addressed prior to any herbicide application.
- It is the legal responsibility of the contact person named above to convey the information regarding the application to anyone likely to enter or occupy treated areas, including custodial staff and security personnel.

CHARGES will be based on staff hours spent at the facility and travel to and from the facility. Supplies will be charged at purchased cost.

=====

For Entrance and Exit, Designated Contact Person: (Name, business and home phone numbers, if different than above.)
